

# ALLSORTS AT HOME

## Recycled Jigsaw Art and Craft

We often lose a piece or two in those 5000 piece jigsaw puzzles. Or maybe we have done them a few times and we're ready for a change. Don't throw them out! Recycle!

### You'll need

- A piece of card, cut into your preferred shape or letter.
- Old jigsaw puzzle pieces
- Strong craft glue
- A piece of string

### Method:

#### Letter Art

- Put your pieces together randomly and glue them onto your cardboard base.
- Attach a piece of string.
- If you like, you can use a sheet of contact for extra protection.

#### Book Cover

- Personalise your school books with interesting pieces.
- Stick the pieces to the book cover in your chosen pattern.
