### Method:

- Cut out your characters or draw them on the paper or card or on the pages of the scrap book.
- If you are drawing, your character needs to have its head, body and legs in three sections.
- Cut card or pages of the book into three equal sizes and punch a hole in each section.
- Place in your folder.
- Once you've added all your characters, you can flip the pages and have fun with who turns up!
