

Jumbuck

My Bushfire Readiness Actions

Jumbuck is at an extreme risk of bushfires. Both residents and agencies share the responsibility of preparing for bushfire threats before the declared Fire Danger Period.

The Preparedness Works tables outline actions taken by agencies to help reduce fire risk and actions you can take to prepare your property for the fire season.

Use this guide alongside your Bushfire Survival Plan to prepare for the bushfire season. Remember, leaving early before a fire starts is the safest option to protect yourself and your family.

Scan the QR codes for more information, tools, and resources to help you prepare your property ahead of the fire season

Agency Preparedness Works
