

# Bushfire Risk Map

## Glengarry

### What is your landscape bushfire risk?

This map indicates the landscape bushfire risk which has been developed using the multiple risk layers to determine the overall risk from a bushfire. Not all classifications below may be shown on the map.

|                                                                                                                                                                                                                                                                                 |                                                                                                                                                                                                                                                                                                 |                                                                                                                                                                                                          |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <p><b>Extreme</b></p> <ul style="list-style-type: none"> <li>• Poses an extreme risk to life safety.</li> <li>• Limited access and egress options available.</li> <li>• Vegetation close to the dwelling.</li> <li>• Significant ember attack would impact the area.</li> </ul> | <p><b>Significant</b></p> <ul style="list-style-type: none"> <li>• Poses a significant risk to life safety.</li> <li>• Mitigation options are available.</li> <li>• Development will likely reduce the risk to adjoining land and on the site.</li> <li>• Access and egress options.</li> </ul> | <p><b>Lower</b></p> <ul style="list-style-type: none"> <li>• Poses a lower risk to life safety.</li> <li>• Little vegetation is present.</li> <li>• Excellent access and egress is available.</li> </ul> |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

Note: The risk classifications have been developed at a landscape level and are based on Code Red conditions. Information provided in this map is not to be used for building/planning purposes.

**There are no Neighbourhood Safer Places within 10 kilometres of the Glengarry township.**

### Your bushfire survival options

Refer to [www.cfa.vic.gov.au](http://www.cfa.vic.gov.au) for detailed information on your bushfire survival options. Ensure your plan includes how you will respond depending on the Fire Danger Rating.

|                                                                                                                                                                                                                                                                                                                                                              |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <p><b>LEAVE EARLY</b></p> <ul style="list-style-type: none"> <li>• When the Fire Danger Rating is Code Red, leaving early is always the safest option.</li> <li>• Leave early destinations could include homes of family and friends who live outside the risk area, a nearby town or other built-up area.</li> </ul> <p><b>Always the safest option</b></p> | <p><b>WELL PREPARED</b></p> <p>If leaving the high risk area is no longer an option, there may be options close to where you are that could protect you. These include:</p> <ul style="list-style-type: none"> <li>• a well-prepared home (yours or your neighbour's) that you can actively defend on Severe and Extreme Fire Danger Rating days only</li> <li>• private bushfire shelter (bunker) that meets current regulations</li> <li>• designated community fire refuge.</li> </ul> <p><b>Your safety is not guaranteed</b></p> | <p><b>LAST RESORT</b></p> <p>In situations where no other options are available, taking shelter in one of the below may protect you from radiant heat:</p> <ul style="list-style-type: none"> <li>• Neighbourhood Safer Place (Place of Last Resort)</li> <li>• stationary car in a clear area</li> <li>• ploughed paddock or reserve</li> <li>• body of water (i.e. beach, swimming pool, dam, river, etc).</li> </ul> <p><b>High risk of trauma, injury or death.</b></p> |
