

It is estimated that up to 1.3 million Australians have a profound or severe core limitation and may require some or all of the equipment in a Changing Places facility.

By removing a major barrier to inclusion, Changing Places facilities enable people with a disability, their families and carers to participate fully in society.

Changing Places, Transforming Lives

WHAT ARE **CHANGING PLACES**?

Changing Places facilities are different to standard accessible toilets. They have extra features, more space and can often be accessed 24/7 with a Master Locksmith Access Key (MLAK).

Each Changing Places toilet provides:

- push button entry and exit
- height adjustable adult-sized change table
- ceiling hoist
- additional circulation space
- a safe and clean environment
