## **6. PUBLIC PARTICIPATION TIME**

### **Public Questions on Notice**

In Accordance with the Governance Rules, members of the public can lodge a question on notice before 12 noon on the Friday before the day of the Council meeting in order for the question to be answered at the meeting. There were three public questions.

#### **Question 1**

**From:** Damian Andrews

**Topic:** Council Funding Prioritisation Criteria for Community Benefit Projects

#### **Question:**

Despite officers highlighting that Traralgon band tour funding 'exclusively benefits members and does not benefit the broader community,' Council unanimously allocated \$15,000.

What criteria guides prioritisation between such exclusive benefits versus a Moe Botanic Garden masterplan—also \$15,000—that benefits all residents?

#### **Response:**

The City of Traralgon Band funding request was reviewed against the Community Grant Program Governance Guidelines for Council's consideration. The Moe Botanic Gardens funding request has been received as a budget submission and will be considered by Council at the June Council Meeting. All grant or funding requests are considered against adopted policies, masterplans and existing programs and further reviewed against current and forecast budget positions.

#### **Question 2**

**From:** Phillip Edwards

**Topic:** Costs for VCAT Case Z1789/2024

**Question:**

A councillor recently confirmed on Gippsland Community Radio that ratepayers will incur costs associated with this matter. What is the quantum of costs to be borne by Council and what action will Council take to recover these unwanted costs?

**Response:**

In response to both questions, under the Local Government Act 2020, the VEC manages Local Government Elections. All Victorian Local Councils have a service agreement with the VEC to conduct the Local Government elections. It includes that the VEC will manage election related matters if raised with VCAT. The costs for such processes are borne by the VEC in the first instance who then seeks cost recovery from the relevant Council.

Therefore, the VEC manages litigation of the nature of the VCAT case Z1789/2024. Council is yet to receive a formal request from the VEC for cost recovery for the recent local election, including any costs for the VCAT case. As such it would be more appropriate for queries to be directed to the VEC at this time.

**Question 3**

**From:** Taylah Ling

**Topic:** Community Consultation Process

**Question:**

What processes are in place to ensure that those who submit feedback through the community consultation process are in fact real people and aren't fake names and email addresses?

**Response:**

When undertaking community engagement Council asks for demographics that are appropriate for the subject matter of the engagement. While it is not possible to fully confirm each submission across all community consultation processes, submissions are required to include certain identifying information. If these thresholds are not met the submission is not accepted

**Public Speakers**

Members of the public who registered before 12 noon were invited to speak to an item on the agenda. There were no public speakers.
