

Latrobe City
Play Space Improvement Plan
2016-2021

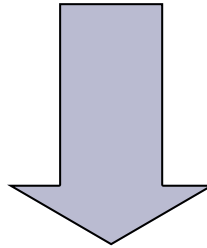

Detailed designs for the play spaces will be developed one year prior to the works being undertaken. Designs will be developed in accordance with the recommendations out of the Latrobe City Play Space Strategy, which have incorporated feedback from the community. For example, designs will be completed in 17/18 for the 18/19 work program.

Any external funding opportunities will also be researched at this point in time, exploring opportunity to value add to projects.

At the start of each financial year, quote sourcing for each play space will commence as well as programming for the exact timing of works. Public signage has been identified in the budget for every play space and this will be displayed with pictures of the design and contact details at each identified space for a minimum period of 8 weeks.

Project delivery.

An improved play space for the community to enjoy!

YEAR ONE 16/17 - \$415,000

Play Space	Budget	Page
Rod Dunbar Park - Grey Street - Traralgon	\$70,000	4

	Project marketing (signage etc)	\$1,000
	TOTAL	\$25,000

*Note - A path link from Centenary Park through to the Yinnar Skate park is identified as a project in the same year in the Tracks, Trails & Paths implementation plan.

Below are spaces identified for future play space improvements. Priorities from this list will be worked out in year five of this implementation plan.

There may be some new reserve upgrades identified later as some subdivisions may be handed over to Council in the 2016-2021 period.
