Why a Cultural Diversity Action Plan

Introduction

Latrobe City recognises the Gunai Kurnai nation as the traditional custodians of the land, and values their ongoing cultural and community contribution. The City also celebrates and recognises the considerable contributions made by successive generations of migrants and refugees who have chosen to call Latrobe City home. These migrants and refugees have brought a broad range of skills, experiences, language and cultures to our municipality.

Latrobe City has a proud history of welcoming people from diverse backgrounds and cultures into the community. Their arrival has enriched our culture, strengthened our industry, added a diverse range of businesses, and made Latrobe City a more exciting, interesting and vibrant place to live. More than 30% of our community has a cultural heritage that reflects the fact that either they, or one or both of their parents, were born overseas.

Latrobe City has a vibrant social and culturally diverse community comprised of people from many different nations across the world. A total of 9,930 or 13.7% of Latrobe City residents were born overseas and 6.9% of people in Latrobe City speak a language other than English at home. ¹

Council has a strong commitment to building an inclusive, harmonious community that acknowledges diversity, engages and communicates with citizens and nurtures neighbourhoods. The development of the Cultural Diversity Action Plan demonstrates Council's commitment to address the cultural and linguistic barriers facing many of its citizens. Council recognises the need to ensure strategies are in place to capitalise on our proud and diverse multicultural history, while setting the scene for future economic, social and cultural development.

Recognising and valuing cultural diversity within the context of a harmonious community has major social and economic benefits. It creates an environment where all individuals, regardless of their cultural background, can positively contribute to society and play a constructive role in building a strong and vibrant community.

Many of the businesses within Latrobe City have international links as a direct result of our diverse and highly skilled workforce. There has also been considerable economic investment by large-scale international industry within the Latrobe City municipality.

Our Sister City relationships with Takasago in Japan and Taizhou in China are key drivers for economic, educational and cultural exchange. Our cultural diversity is also evident in regular annual high profile cultural celebrations such as our Sister Cities Festival which replaced both the Japanese Day and the Chinese Festival celebrations.

Federation University Australia's Gippsland Campus attracts a small but growing number of international students, as well as a larger number of students recently arrived as migrants, from a diverse range of countries. Many international students are successful in applying to make Australia their home after completing their studies.

The Latrobe City Cultural Diversity Action Plan (the Plan) has been prepared as part of Council's ongoing commitment to the cultural and linguistic diverse population in Latrobe City and outlines a strategic approach to meet the needs of our culturally diverse community. It is important that culturally diverse members of the community have access to culturally relevant and sensitive services provided by Latrobe City in accordance with the Accessible Government Services for all, a revised framework for access and equity reporting.

Scope and Purpose

This Plan describes Council's commitment to recognising, valuing and supporting cultural diversity within Latrobe City. It is intended to be a long-term Plan that guides and strengthens Council's ability to embrace cultural and linguistic diversity. It is anticipated that this Plan is likely to evolve over time to better align with socio-demographic changes and community priorities.

Objectives in Detail

In order for this commitment to be put into practice, and to continuously measure our progress, the Plan has four Objectives:

1. **Equal access to services, resources and facilities for all our residents**

All services, resources and facilities for residents will be non-discriminatory and accessible to all members of the community. Council is committed to ensuring that access and equity principles are clearly demonstrated through our service delivery and the provision of facilities for the general community and ensure all members of the community are provided with the opportunities to access culturally relevant and sensitive services, facilities and resources.

2. **Active community consultation and participation**

Every person living, working, studying or visiting the municipality can contribute to the life of the broader community. The range of skills, abilities and experiences provided by community members contribute to the rich diversity and vibrancy of the Latrobe City municipality.

All residents of the municipality will be provided with the opportunity to play an active role in decision making processes. Through community development activities, all community members, regardless of their cultural or linguistic background, will be consulted and engaged on key issues, policies, strategies and actions.

3. **Celebrating and valuing community diversity and cultural expression**

The vibrancy and vitality that is drawn from having a large number of residents who were born outside Australia and bring a diverse mix of skills, cultures, languages and religions to the area is valued and celebrated. The harmony resulting from a multicultural society where there is acceptance and celebration of diversity is also valued.

4. **Leadership and advocacy**

Council must strengthen its capacity as a culturally competent organisation by embedding the philosophy of each Plan Objective into relevant Council Plans and Strategies.

There are a number of Latrobe City corporate strategies and action plans linked closely to this Plan. These include:

- Latrobe 2026, The Vision for Latrobe Valley.
- Council Plan 2013 – 2017.
- Municipal Strategic Statement.
- Municipal Public Health and Wellbeing Plan, 2013 – 2017.
- Community Engagement Plan, 2010 – 2014.
- International Relations Plan, 2011 – 2014.

- Disability Action Plan.
- Positive Ageing Plan, 2009 – 2012.
- Events Strategy and Action Plan, 2013 -2017.
- Municipal Early Years Plan, 2011 – 2015.
- Library Plan, 2011-2017.

Community development and capacity building also requires a conscious intent to look beyond the physical borders of the municipality. Council delivers a broad range of services and facilities but many issues facing local communities are the responsibility of State or Federal Governments.

Council plays a key role in advocating to State and Federal Government on behalf of the Latrobe City community to better inform policy-makers and ensure community needs are considered across all levels of Government. Council also aims to improve community leadership by seeking to build the capacity of community members to advocate for themselves and seek to effect change through community-based programs.

Council Plan 2013 - 2017

The Council Plan 2013 – 2017 outlines Latrobe City Council’s vision and direction for the community. It guides Council’s decisions making and resource allocation to deliver outcomes and services to the community. The Council Plan is reviewed annually and is a requirement of the Local Government Act 1989.

The Council Plan focuses on five key themes with supporting Objectives, Strategic Directions and Strategies and Plans. Performance Indicators are listed which align to each Strategic Direction to monitor achievements, changes and trends.

The Cultural Diversity Action Plan forms part of the supporting Strategies and Plans and is aligned to theme four:

- **Theme 4**
Advocacy for & consultation with our community.
- **Objective**
To ensure effective two-way communication and consultation processes with the community in all that we do.
- **Strategic Direction**
Actively encourage and support initiatives that promote social inclusion and diversity within our community.

Latrobe City Municipal Public Health and Wellbeing Plan 2013 - 2017

The Plan is closely linked to the Latrobe City Municipal Public Health and Wellbeing Plan 2013 – 2017 (MPHWP) through the key strategic direction of ‘Staying Connected’.

The aim of the MPHWP is to build positive health and wellbeing outcomes for all residents who live, learn, work and play in Latrobe City. The key strategic direction of ‘Staying Connected’ encourages an active, diverse and connected community within Latrobe by ensuring access and equity for all groups in the community.

The strategies and actions within the Plan contribute to achieving this key strategic direction of the MPHWP and supporting our community to live healthy, active and connected lives.
